

## ***Positive Action Student Survey (Grades K-2).***

**STUDENT ASSENT:** The following text should be read aloud to students and an effort made to ensure that students understand the voluntary nature of the task before the survey is administered.

“Hello, we are going to do something new today. We are going to do a survey. It is like a test, but it is NOT a test. We want to know how you feel and what you think, not what you know.”

We want you to do this survey to help us make school better. We want to learn about how you feel about yourselves and school. We also are interested in what you think about things like fighting or helping someone.

The survey will take about 15 minutes. Your answers will always be SECRET.

Put your hand up if you have any questions.”
